TRANSFER OF SERVICE NOTICE

August 13, 2004

Dear Customer:

At this time, Susquehanna Adelphia Business Solutions provides you with local telephone service, local toll telephone service and long distance service in York, Pennsylvania. On December 19, 2003, Susquehanna Adelphia Business Solutions signed an agreement to dissolve and split into two companies, Adelphia Business Solutions of Pennsylvania, Inc. doing business as TelCove ("TelCove") and SusCom Business Solutions of PA Inc. ("SusCom"). Susquehanna Adelphia Business Solutions has entered into an agreement with [TelCove] to provide local telephone service, local toll service and long distance service, for your business, unless you choose another provider.¹

As of September 23, 2004, Susquehanna Adelphia Business Solutions will no longer provide your local telephone service. You have the option of transferring your service to [TelCove] or choosing another company that is offering service in your area.

If you decide that you would like [TelCove] to continue to provide the same services you currently receive, you do not need to do anything. Beginning on or about September 23, 2004, [TelCove] will continue to provide you with the same telecommunications services you currently receive in accordance with the rates, terms and conditions of your existing contract or effective tariffs on file with the Pennsylvania Public Utility Commission. There will be no changes to your telephone number. Notice of this change in service providers has been filed with the Federal Communications Commission and the Pennsylvania Public Utility Commission, and will be virtually invisible to you because [TelCove] will utilize the same facilities that currently serve your account. Please be assured that you will not incur any charges, including local telephone company carrier change charges, related to the transfer of your telephone account to [TelCove]. There will be no interruption to your current

¹ Even though the agreement between TelCove and SusCom will ensure that your service is not interrupted, the FCC provides you an opportunity to comment on this transaction. The FCC will normally authorize this proposed transaction unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments within 15 days after receipt of this notification. Address your comments to the Federal Communications Commission, Washington DC 20554, referencing the Section 63.71 Application of Adelphia Business Solutions, Inc., et.al. Comments should include specific information about the impact of this proposed transaction upon you or your company, including any inability to acquire reasonable substitute service.

telecommunications services as a result of this transaction. However, any "preferred carrier freeze" that you have placed on your existing telephone line to prevent unauthorized transfer to another local or long distance carrier will be over-ridden for purposes of this transfer. You will need to request that your "preferred carrier freeze" be established again after the transfer to [TelCove] is complete.

If, you do not want service from [TelCove], your action is required! You must select a new long distance and/or local telephone provider as quickly as possible, but in any event no later than September 13, 2004. If you act by this date, there will be enough time for the new service provider you choose to start your new service before your current service ends. Please remember that local telephone service is competitive. You may select any company that is offering service in your area. However, if you do not select another carrier by September 13, 2004, [TelCove] will automatically become your telecommunications provider. If you select another provider after September 13, your choice can only be put into effect after the transfer to [TelCove] has already taken place. Selecting another carrier after September 13, 2004 may result in delays and you may incur additional charges. If you have not transferred your service to [TelCove] or another carrier by September 13, 2004 (the "Selection Date"), then within the following ten (10) day period (the "Transfer Period"), your local telephone service, your local toll service and your long distance service will be transferred to [TelCove].
